Dear Madam or Sir,

We know you have many, many options for dining out and catering. Thank you for choosing Mudgie's, an independent business.

Mudgie's opened 11 years ago committed to the ideas of scratch cooking, supporting local commerce, giving back to the community, and being environmentally conscious.

We make all the food we serve from scratch. Nothing is pre-made, "off the truck."

We recycle as many materials as possible, including food waste which goes back to local farms for fertilizer. We only use compostable supplies for carry out and catering -- no plastic or styrofoam.

Mudgie's remains steadfast to these ideals. Operating in this manor may cost a little more, but we believe this is the only way to do business.

We want to make sure you know that when you choose Mudgie's you are also supporting a long list of more independent businesses and non-profits.

On behalf of our vendors, charities, and ourselves,

WE THANK YOU!
